

Food Contact Information

Product: CP Pryme® PE100HDC-20M NAT

Food Contact Compliance:

The components of this product meet the conditions and requirements of the following sections of 21 CFR (USA FDA) regulations:

177.1520(c)(3.1a)(3.2a)

This product is a physical mixture of FDA compliant components. Any limitations for use of these components are listed above. If this product is used as an additive or blended with other products, the final product could have use limitations with food contact. It is the blender's responsibility to make that determination.

Date / Revised: November 4, 2009

These test results were based on reliable procedures. Due to variable conditions or methods no guarantees or warranties are expected or implied including warranty of fitness for a particular purpose. Each user of the material should make appropriate tests to determine the suitability for use.
