PACKAGING &
RAW MATERIAL STORAGE

Start Up for Liquid Soap & CP Soap
 ** 55 gals of liquid soap per week
 ** 864 CP 3.5 oz bars per week

Notes:

- ** All tables are mobile with casters. They can be moved out into the open space or left where they are.
- ** Drying Trays are mobile and can be placed anywhere in the area. Generally can stack from 20 to 25 trays (2000 to 2500 bars).
- ** Electrical can be anywhere along the sink wall Suggest two outlets. Should be Ground Fault outlets.
- ** Extra Molds can be on Mold Dollies. Again these can be placed anywhere in the area and are movable.
- ** When you move to another location everything is easy to move, place and expand from. Nothing is lost.
